

# PARTICIPATION APPLICATION

**Net>Works is a lead generation and networking program facilitated in a small group setting.**

Applications are accepted on a first come, first served basis by date of application. Every effort will be made to accommodate applications while maintaining the one (1) member per business category policy. Applicants whose business category is already represented in all current groups will be placed on a waiting list until an opening becomes available or a new group of sufficient size is formed.

The Ocala Metro Chamber & Economic Partnership Net>Works Group Program is continually expanding.

Participants attend their Net>Works Group in order to establish relationships, meet potential vendors, grow corporate networks, increase company visibility, educate others about their products, goods and/or services, and ultimately, increase sales. Additionally, members serve as a sounding board for business education, business support and solutions.

The Director of Networking & Partner Services serves as the CEP liaison to the groups.
